

The Orchard Open Source License v1.0

Purpose

The Orchard is an open-source environmental DePIN ecosystem built on the Chia blockchain. This license is intended to encourage learning, experimentation, collaboration, and community development while protecting attribution to the original project.

Permissions

Permission is granted to any person or organization to: Use The Orchard software, hardware designs, documentation, and reference implementations. Modify and improve the project. Deploy personal, educational, research, commercial, or community-operated Orchard nodes. Create derivative works and integrations. Operate nodes that earn JUICE or future Orchard ecosystem rewards. **Requirements**

Attribution must be preserved to The Orchard project. Modifications should clearly identify changes from the original work. Redistributions must include this license. **NFTs and Identity Passes**

Orchard Pass NFTs remain the property of their holders. Ownership of an Orchard Pass NFT does not transfer ownership of the underlying open-source software, documentation, or branding. **No**

Warranty

The Orchard is provided "AS IS", without warranty of any kind, express or implied, including but not limited to merchantability, fitness for a particular purpose, and noninfringement. **Community First**

The Orchard is intended to remain a community-driven ecosystem focused on environmental telemetry, open infrastructure, education, decentralized technology, and collaborative innovation.
